Beaumont, TX 77702

Dear Sir / Madame,

Having recently received a letter from the United States District Court, Eastern District of Texas, Beaumont Division, I write to express our support in favor of the proposed settlement with the Ford Motor Company and their 2003-2007 6.0 liter diesel engines.

Superior Ambulance Service Inc, is a commercial ambulance service which presently has in service five, 2006 Ford EC3 ambulances, with the 6.0 liter diesel engines. We purchased these five vehicles as the same time, and have experienced the problems specified in the suit, times five. The mechanical problems we have experienced with these vehicles has caused our company significant loss of revenue while they were under warranty and now that they are out of warranty. Obviously with the vehicles being out of service for repair we loose revenue, and now that they are out of warranty, we continue to experience very significant repair bills.

We are very appreciative of the efforts of the plaintiffs who filed this litigation against Ford, and you as counsel who have moved this into the appropriate venue for resolution.

When appropriate we can provide the complete service records of these vehicles, and our associated costs as related to this suit. Any other information that we can provide to assist you and your litigants, please let us know. Thank you for your efforts in resolving this matter.

Sincerely,

  
Kenneth Rounds  
General Manager
